

CHRISTIAN VOICE: PAST, PRESENT AND FUTURE

How Christian Voice began, what we have done by the grace of God, and how you can make an impact for the Kingdom of God by supporting this ministry.

01 A VOICE FOR BIBLICAL VALUES

Christian Voice came about when Christian activists gathered at Hothorpe Hall in October 1994, concerned about the rise of the homosexual lobby and challenged by the following verse of scripture:

Psalm 94:16 Who will rise up for me against the evildoers? or who will stand up for me against the workers of iniquity?

Five of those present decided to support Stephen Green as National Director of a new para-church organisation founded solidly on scripture. They formed Christian Voice with the following objects:

- 1 To uphold Christianity as the Faith of the United Kingdom.
- 2 To be a voice for Biblical values in law and public policy.
- 3 To defend and support traditional family life.
- 4 At all times to rely humbly on the blessing of Almighty God.

02 HISTORICAL BIBLICAL CHRISTIANITY

From the start, Christian Voice was dedicated to analysing current events in the light of scripture and giving individual Christians the information they need to pray, seek the Lord and take action. We promptly published a Bible Reading plan called 'Lamplight' to

enable Christians to read through the Bible in a year in a structured way, so they could pray knowing the mind of God. We saw from scripture that nations are blessed when they walk in the ways of the Lord, and that the Bible commands prayer for our leaders:

1Tim 2:1 I exhort therefore, that, first of all, supplications, prayers, intercessions, and giving of thanks, be made for all men; 2 For kings, and for all that are in authority; that we may lead a quiet and peaceable life in all godliness and honesty.

That is why from the start we urged our members to pray for national repentance and work for Godly government. One of our earliest publications was a CD called 'The Day our Queen was Crowned', analysing the June 1953 coronation ceremony with all its Biblical references and symbolism. At one significant point Her Majesty the Queen was given the Orb under the cross from the

Crown Jewels and told to remember 'the whole earth is subject to the power and empire of Christ our Redeemer'.

At her coronation, Her Majesty also promised to 'maintain the laws of God and the true profession of the Gospel.' However, whether she did or not depended on her ministers. Continued overleaf...

WITNESS, ARREST AND CHARGES DROPPED

Our members pray for those who lead us and let them know what the Bible says on topical issues.

That realisation prompted us in 1998 to publish a booklet called *Britain in Sin*, to show how far the United Kingdom had departed from the laws of God. Using the Ten Commandments as a framework, *Britain in Sin* showed that we had broken every one in multiple ways. The UK's rebellion against the Lord has only grown worse since, demanding a robust, Christ-centred prophetic response.

In January 2009, Christian Voice merged with the National Council for Christian Standards in Society. NCCSS was set up in 1986 by Maud, Lady Watherston and others to 'Re-Establish Basic Biblical Christian Teaching Throughout the Nation'.

The charity number of NCCSS is 294803 and the Trust operates as Christian Voice.

The Objects of NCCSS are 'the promotion of the principles of historical biblical Christianity and the information and education of the national public and of responsible authorities on the basis of these principles in particular...'

03 WHAT WE BELIEVE

Those objects dovetail with those of Christian Voice and give us and our members a prophetic voice. We are to speak truth to those in power.

Jer 1:8 Be not afraid of their faces: for I am with thee to deliver thee, saith the LORD.

From its earliest days Christian Voice has sent out a newsletter to members. It was recently brought up-to-date with a new, attractive layout, but the intent remains: To set out topical issues alongside Biblical truth, with READ, PRAY and WRITE points, empowering and encourag-

ing our members to see what God says, bring matters before him, and witness either on the street or through a letter or email to their respective Member of Parliament, or to someone in public life.

Christian Voice is not ashamed to believe in one creator God, eternally existent in three persons, Father, Son and Holy Spirit, as stated in the historic creeds of the Christian church.

We acknowledge Jesus Christ as Lord over all creation. We believe the Holy Bible to be the inspired, infallible, written Word of God to whose precepts, given for the good of nations and individuals, all man's laws must submit.

We believe all government to be under the authority of God and that its purpose is the maintenance of freedom and justice solely in accordance with biblical principles.

Our National Director has spoken in many churches in Great Britain and Northern Ireland, sharing these principles and encouraging Christians that Christ does indeed rule in the affairs of men.

04 STANDING FOR TRUTH

Christian Voice has never been afraid to stand for the truth of the Gospel. In August 2006 the Inspector in charge of the South Wales Police Minorities Support Unit told our National Director to stop giving out evangelistic leaflets outside the Cardiff homosexual 'Mardi Gras' event. Stephen refused and carried on giving them out. The next words he heard were 'You are under arrest.' He was held in the cells in Cardiff Police Station for four hours and charged with a public order offence.

When the case came to court, the Crown Prosecutors dropped all charges against him. Stephen sued the police for wrongful arrest, false imprisonment and malicious prosecution and won damages. He has handed out prophetic evangelistic leaflets many times since and has to date never been arrested again.

Rom 10:14 ... how shall they hear without a preacher?

We have supported other Christians accused of public order offences for preaching the Gospel, with Stephen twice providing expert evidence for one of our members. We have also put other preachers in touch with Christian lawyers. Not a single one of these brave souls has ever been convicted when properly represented.

Our first ever street witness, at Canary Wharf

05 STREET WITNESS

In 2004 Christian Voice opposed both the Civil Partnership Act and the Gender Recognition Act as they went through Parliament. But outside Westminster, atheists had the Lord Jesus himself in the sights.

In May 2004, details of a blasphemous article against the Lord published in the Sunday Mirror magazine came to light after prayer and by the grace of God. We called our first-ever street witness, outside the Trinity Mirror offices in London's Canary Wharf. Fifty Christians turned up for a two-hour event.

Following a smaller vigil outside the Richmond-on-Thames home of the group's Finance Director, we were invited into the Trinity Mirror boardroom. After a fiery exchange, the directors agreed to publish an apology.

The Lord had revealed that street witness changes things in the spiritual realm.

2Cor 10:4 For the weapons of our warfare are not carnal, but mighty through God to the pulling down of strong holds;

06 DEFENDING THE NAME OF THE LORD

In December 2004, we went to St Andrews to oppose the staging by students of Terrence McNally's blasphemous and foul-mouthed play 'Corpus Christi'. Just the news of our proposed street witness led directly to the resignation of a director of the Crawford Arts Centre where it was staged and also that of one of the Centre's major financial supporters. We handed out leaflets preaching the real Jesus and once more the Lord worked a miracle. One of our number stood up in the theatre to preach the Gospel while our National Director was able afterwards to engage with the student cast.

Christian Voice started a witness at the London Gay Pride Parade in July 2005, which others have now taken on as an annual protest.

Also in 2005 the Co-op Bank told us to remove our account for being 'homophobic'. The bank said our views were incompatible with its

'support for diversity'. The Lord used the Co-op Bank's approach to raise our profile. Not long after, the Bank was mired in scandal and financial disaster. In 2008, the Baltic Centre for Contemporary Art in Gateshead put a blasphemous statue of the Lord Jesus on show. We organised a Christian witness outside the Baltic Centre. The Centre removed the offending item.

In July 2009, two weeks after that year's London Gay Pride, we organised a March of Repentance in London. Hundreds of Christians marched from Hyde Park to Parliament expressing their grief for the sins of the nation:

Joel 2:12 Therefore also now, saith the LORD, turn ye even to me with all your heart, and with fasting, and with weeping, and with mourning;

07 JERRY SPRINGER THE OPERA

In January 2005 BBC2 screened the blasphemous Jerry Springer the Opera. Christian Voice called for a peaceful Christian presence outside BBC offices around the UK. The Lord brought 1500 Christians out on a freezing night, 400-500 at the BBC's White City HQ alone. 55,000 protested in writing.

Next, Jerry Springer the Opera went on a 21-theatre tour in 2006. We produced low-cost, effective leaflets and gave them out to theatre-goers in advance and during performances.

As he so often does, the Lord God Almighty heard his people's united prayers, backed up by their faithful actions, and did the miraculous. He made theatre-goers shun the production. Only one theatre covered more than one-third of its seats, every single one lost money, and the producers, Avalon, lost £500,000. The show's director, militant atheist Stewart Lee, blamed Christian Voice for the failure of the UK tour, which he said was 'ruined'.

No theatre has since repeated such a blasphemous experiment in our land.

PRAYER AND ACTION AND FAMILY LAW

Flash Praise and Prayer at the South Wales Echo

08 DON'T INSULT JESUS!

In August 2008, the South Wales Echo published an article insulting Jesus Christ. We took a leaflet campaign onto the street outside the office of one of their main advertisers in Cardiff. We followed it up with a 'flash' prayer and praise meeting in the paper's open-plan reception area. We knew what we were doing. We were holding an evangelical church service. But it was outside the staff's experience. The fear of God descended and the directors hastily invited us into their offices. In the next edition they printed an apology. This was unheard of, and it shows the impact Christians can make when the Lord graces us with the courage of our convictions.

Later that year, Waterstones in Cardiff cancelled a reading of a blasphemous poem after protests by our members.

Two Welsh Assembly Members then invited the poet, Patrick Jones, into the Senedd building in Cardiff. We called a witness and on a cold December morning the Lord brought 300 Christians from all over Wales to stand outside, ten times the number who heard the poem inside. Christian Voice then helped with a letter campaign in the constituency of one of those assembly members. She resigned her seat.

In March 2010, Classic FM dropped all promotion of Eric Idle's blasphemous 'Not the Messiah', after receiving a deluge of complaints from Christian listeners alerted by Christian Voice. By the grace of God we shall continue to stand up for the Lord Jesus and his name.

Php 2:10 That at the name of Jesus every knee should bow, of things in heaven, and things in earth, and things under the earth;

09 PRAYER AND LOBBYING WORKS!

In 2007 we handed out leaflets outside London Zoo when it held 'Gay Sunday'. The Zoo is in Regent's Park, a Royal Park. The police swiftly moved us on, but we already had a leafleting site in mind just outside one of the gates to the park. The initial foray let the Zoo know we were there and validated the protest rule: 'If you don't think they will give you permission, don't ask for it!' Christian Voice carried out a successful lobbying of the Marie Stopes Global 'Safe' Abortion Conference in October 2007. We leafleted those going in to the conference and preached as they came out. We were there when it started, we were there when it ended, and they knew.

Also in October 2007, we challenged Glaxo Smith Kline over their desire to impose their lucrative cervical cancer vaccine 'Cervarix' on teenage school-girls.

In 2008, Betterware withdrew a 'voodoo candle' from sale two days after our members began praying and writing to that company's directors.

Sainsbury's stopped free supplies of the morning-after pill to teenagers after a prayer and action campaign by Christian Voice.

Today we are out on the streets, handing out leaflets to an eager audience sceptical of evolution as the only explanation for our origins allowed to be taught in schools and appalled at the RSE agenda.

10 RESISTING IMMORAL SEX EDUCATION

In February 2009, just after our merger with NCCSS, Christian Voice held a leaflet campaign outside a primary school in London's Leytonstone over homosexual propaganda given to children during 'Lesbian and Gay History Month'. We helped the parents form a support group to stop such atrocities in schools in the London Borough of Waltham Forest.

We called Christians to witness outside the Welsh Senedd in Cardiff against blasphemous poetry being read inside.

We continued to oppose homosexual propaganda in schools, leafleting outside the 'Schools Out' exhibition at the British Museum and at Perry Beeches School in Birmingham, and supporting Christian parents in Broadstairs, Kent.

More recently we supported parents in Birmingham in their campaign against homosexual and trans propaganda in state primary schools. School sex education is now called 'Relationships and Sex Education' (RSE). Even in primary schools parents have no right to take their children out of the 'Relationships' part, which is where the pro-gay, pro-trans propaganda happens. They look in vain for Christian teachings of chastity and marriage.

Mark 9:42 And whosoever shall offend one of these little ones that believe in me, it is better for him that a millstone were hanged about his neck, and he were cast into the sea.

In March 2019 we held a street witness handing out leaflets to school head teachers at the Association of School and College Leaders (ASCL) teachers' union conference in Birmingham. We went again after lockdown in March 2022. We are supporting parents in Wales who are standing against RSE, but more needs to be done. Our plans for a campaign called '21 things they won't tell you about sex', targeted at adolescents, will depend on the Lord's will expressed in funding for that project.

By law, we are not allowed to do or say anything which might identify the children in this case.

Our video 'Christmas Ruined by Social Services' is one of the most-viewed on this subject.

11 FAMILIES AND SOCIAL SERVICES

As 2015 drew to a close, our National Director travelled to Bexley in South London to interview a couple who rang out of the blue to tell us their children had been wrongly taken into care by Social Services (SS). We published the resulting video, 'Christmas ruined by Social Services', on YouTube on Christmas morning.

We emailed members and supporters asking for them to spare a prayer for this family as they tucked into their own Christmas dinner. Shortly afterwards, the video went viral and now has 114,000 views,

among the highest viewing figures for a video exposing abuse of power by social services.

Next, our members rallied round to support a legal challenge and eventually, in May 2017, the family was reunited. Our National Director also secured a press card, meaning he was now a journalist and entitled to attend any family court proceedings.

He soon found himself in court in Milton Keynes. The two daughters of a Nigerian pastor and his wife had been taken by SS because a teacher heard the mother had raised her hand to one of them. The children did stay in care for two weeks, but at the next hearing, in February 2016, the judge ordered the girls should go home. There was much praising God from the parents. Undoubtedly the presence of a journalist in the courtroom helped.

12 THE WALSTALL CHILDREN

Our National Director was called in 2016 to another case involving SS in Walsall. This time, social workers took three boys from a family into care on the strength of the word of a five-year-old girl in graphic detail that they had molested her when she stayed overnight as a favour the family did for a friend - her father - at church.

The two older boys were also charged with sexual offences and had to appear in the Crown Court. During trial evidence, it turned out a twelve-year-old girl next door to the five-year-old had been inviting the smaller girl in regularly to watch pornography. The tot had then done what children do, made up a game of it in her mind. None of her allegations were true. The jury acquitted the brothers.

However, it turned out Crown Court and Family Court were not joined up. Neither knew what the other was doing and neither informed the other. By attending both, absurdly, Stephen knew more about the case than anyone else in either court room.

Now we helped the family find a Christian lawyer who could stand up for them and explain matters to Walsall Council's barrister. He was appalled. The local authority had totally misrepresented the case. The family was reunited, glory to God.

There can be no doubt that if the Lord had not used Stephen to take on the case the boys would have been taken away for good and adopted and the family destroyed.

Psalm 127:3 Lo, children are an heritage of the LORD: and the fruit of the womb is his reward.

We recognise the state has to step in on occasion. Nevertheless, the default option among social workers of taking children into care with its known poor outcomes instead of helping families stay together is a scandal waiting to be exposed.

ISLAM AND HALAL MEAT

13 ISLAM

We are keen to help Muslim parents stand up against immoral RSE nationally. Children are a heritage of the Lord's common grace to them as well. And who knows if the Lord could not use such an outreach as an evangelistic opportunity?

Nevertheless, we are very aware that Islam is an expansionist religion, so we have published articles showing the growth of the religion and its adherents in the UK, warning of a 'tipping point'. Even now, we have warned of what happened in Tower Hamlets when Muslims took power. They renamed council wards, removing reference to our Christian heritage. And this in a constitutionally-Christian country. We asked our members to pray into this challenge.

In January 2008 news broke of a Muslim Police Community Support Officer telling two Christian evangelists not to preach in the heavily-Muslim area of Alum Rock in Birmingham. We believe no part of the United Kingdom can become a no-go area for the Gospel of Jesus Christ.

Accordingly, without delay, we took to the Alum Rock Road with Gospel tracts, some indeed in Urdu. Far from encountering hostility, we found Alum Rock's Muslims keen to engage around matters of faith. By the kind of coincidence only the Lord can bring about, that same area was where we would support Muslim parents standing up for the innocence of their children against homosexual sex educators in Parkfield Primary School eleven years later.

Engaging with Muslims on Alum Rock Road

the Lord Jesus thus:

Mark 1:11 And there came a voice from heaven, saying, Thou art my beloved Son, in whom I am well pleased.

And as Allah, in the Quran, denies having a son, saying it is beneath his dignity to become one of us, they could not be the same being.

Christians need to be informed, so we also published a booklet called 'Understanding Islam'.

14 A PROPOSED 'MEGAMOSQUE' FOR WEST HAM

In 2006 reports began to circulate about an Islamic fundamentalist group planning to construct a 'megamosque' on a site in the Abbey Mills area near West Ham station in east London. The Tablighi Jamaat mosque would accommodate 60,000 worshippers and be the largest place of worship in Europe, we read.

We brought a group of Christian Voice members together at the site for two hours of prayer on Saturday 6th January 2007. We prayed into this matter of the mosque. It was to have been a one-off, but the sense was that the Lord would have this prayer meeting continue on the first Saturday of every month. We have kept to that ever since, rain or shine. Prayer has been made not just against the mosque, but for the community, for our nation and for the Church.

On 3rd December 2022 we held our 185th meeting. Thanks to the good efforts of Shoggy, our media manager whom we appointed in 2022, we are now live-streaming the monthly prayer meeting on Facebook. We shall not stop until our nation repents and the site returns to the worship of the King of kings.

Asking if Allah is the same as Almighty God. Video recorded outside the East London Mosque

The East London Mosque became the venue for our March 2015 video asking if Allah is just another word for Almighty God. Our National Director showed that as the Almighty, in the Bible, describes

Live-streaming our prayer at West Ham

We believe when we pray fervent prayers and do the simple things that only we can do, we can rely on God to do the miraculous.

And that is what has happened. The Lord has thwarted the plans for the West Ham mega-mosque ever since God's people started praying.

15 CONFUSION AND NO MOSQUE

When we began, the trustees were confident their mosque would be ready for the London Olympic Games in 2012. We kept turning up, we kept praying. The Olympics came and went, and the site stayed as it was. Only the trees around it grew.

Confusion reigned among the trustees, who went through three different firms of architects. They appointed and sacked public relations people and held a disaster of an 'open day'. They missed their planning deadlines, lost the support of Newham Council, had their application turned down and then refused on appeal.

The High Court ordered the trustees to clear the land of temporary buildings and cease religious activities there. Finally, in a sign that the Lord can and does send the unexpected, the Tablighi Jamaat sect itself split in two.

Why God uses our prayers and allows us to be part of his victory we shall never know. But we do know the Almighty has heard our prayers and dwelt in our praises. We have prayed at the site itself in all weathers. The Lord has seen our prayer is serious!

Jas 5:16 ... The effectual fervent prayer of a righteous man availeth much.

16 HALAL MEAT

We have also reported on the imposition of halal meat in prisons and schools. Much meat, particularly from cattle, sheep and chicken, is slaughtered 'halal' in the UK, so the offal may be sold to the Islamic market abroad. Supermarkets offload the meat itself onto unsuspecting shoppers. For us the issue is not just a

lack of stunning but the dedication to Allah at the point of slaughter. The Apostle Paul in 1Cor 10:28 urged believers not to eat meat 'offered in sacrifice unto idols'.

That is why in November 2010 we posted a video on YouTube called 'The Secret Halal Meat Scandal'.

It was shot outside British supermarkets and featured Stephen calling for honest labelling of the halal meat they were selling.

To date 'The Secret Halal Meat Scandal' has had 212,000 views, making it the most-watched video on this subject on YouTube in the world.

In 2011 we published a study on how Islamic money was funding UK universities. We prayed and witnessed outside such an academic venue in Oxford.

In May 2011, we stood outside Wembley Stadium for the FA cup final handing out leaflets calling attention to the halal food secretly on sale in the stadium. We even shot another video 'The Secret Halal Wembley Take-away'. It is also on YouTube.

What our members say:

"I have found the professionalism and accuracy extremely useful and thank you for all the hard work I know this entails."

"I cannot thank the Lord enough for pointing me towards your name and address. It's great, fantastic. I know who to write to, what to write about and what I'm talking about."

"Wonderful message, wonderful organisation - persistent leader in the face of a fierce and persistent onslaught of abominable government decisions."

"Christian Voice is one of the few ministries that connect the dots to wickedness in high places."

"Many thanks for your mammoth efforts to alert us about spiritual trends, which I always read through and which feed our prayers and actions."

"The magazine has been a great blessing to me."

"This is just what we've been praying for."

WHAT'S DIFFERENT ABOUT CHRISTIAN VOICE?

By God's grace (1Cor 15:10):

We proclaim that God is sovereign over all of life: **Psalm 24:1; Rom 11:36; Rev 5:12-14.**

We confess that God deals with and judges nations (Gen 19, Jer 18:7-10, Jonah) by the eternal standard of His Holy Law: **Psalm 19:7-8; Amos 7:7.**

We uphold Christianity as the faith of the United Kingdom: **Deut 30:19; Psalm 144:15, John 5:22.**

We support the family as God's primary social institution: **Gen 1:27, 2:23-24; Psalm 68:6; Ezek 46:18; Mal 2:25; Matt 19:1-15; Luke 2:51; Eph 6:1-4.**

We oppose One-World Government and UK membership of the EU: **Gen 11:1-9; Psalm 2; Isa 5:8; Rev 17:10-14.**

We seek the mind of God in Scripture in all our

briefings, bringing his word to bear on the issues of our day: **Prov 1:7; Luke 10:26; 2Cor 10:5.**

We provide factual information so our members can target their prayer accurately: **Exod 17:8-13; Psalm 108:12-13; Luke 21:36; 1Thess 5:4-6,17.**

We preach the Word of God (Heb 4:12; 2Tim 4:2) uncompromised with secular humanism: **Prov 14:12; John 6:68, Acts 4:19; Jas 4:4.**

We are not satisfied with 'Christian influence in a secular world' but advance the Crown Rights of King Jesus, Lord of lords and King of kings: **Gen 14:18; Deut 10:17; Psa 110:1,4; Mark 12:36; 1Tim 6:15; Heb 6:20; Rev 17:14, 19:14.**

We have confidence in his victory:

Psalm 60:12: Through God we shall do valiantly: for he it is that shall tread down our enemies.

PERSECUTED CHRISTIANS, EU, ISRAEL AND SCRIPTURE

17 EU REFERENDUM AND VIDEOS

Christian Voice always viewed the UK's membership of the European Union as incompatible with our constitutional status as a nation under God. With the referendum scheduled for June 2016, we wanted to examine the spiritual dimension of the EU. So in March 2016 our National Director embarked on a whistle-stop tour of European capitals.

First he flew to Strasbourg, which considers itself the European capital because the Parliament is sited there (as well as in Brussels). But why was the Strasbourg parliament tower deliberately built to look 'unfinished'? The resulting video, 'The European Union's Tower of Babel', has to date been seen over 54,000 times on YouTube.

Next up was Brussels. Why did the EU decide to adopt the legend of Europa being carried off by Zeus disguised as a bull and raped in Crete? Where do they want to take the people of Europe and why? What does Revelation 17 have to say about it? 'The European Union's Woman on the Beast' was published in April and to date has over 53,000 views.

In Rome, Stephen sought out the actual venue where the Treaty of Rome was signed. He found it in a pal-

ace built on the ruins of Jupiter's Temple. No-one previously had connected up these particular dots. Stephen published 'The European Union's Pagan Foundation' in May 2016. It has since been viewed more than 13,000 times.

Two further videos followed. 'The European Union's Roman Empire' examined EU founder Paul-Henri Spaak's idea of a new Roman empire. In 'European Union - Does the Lord keep the city?' Stephen addressed security concerns and called for national repentance.

Our members prayers for the UK to vote 'Leave' were answered on 23rd June 2016.

Where exactly was the Treaty of Rome signed?
Right on top of Jupiter's temple.

Outside the Sudanese Embassy in 2014

18 STANDING FOR PERSECUTED CHRISTIANS

Christian Voice prays for Christian communities overseas, whether they are in a majority-Christian country under pressure from its neighbours such as Armenia, or in the minority, such as amongst the Palestinians, or in Pakistan, Syria, Sudan, Iran or Iraq.

We brought people together outside the Sudanese Embassy in London in June 2014 to stand up for Meriam Ibrahim, imprisoned for her Christian faith. In answer to prayer, Meriam was released. We have supported Pakistani Christians at the Pakistan High Commission, stood for our Christian brothers and sisters outside the Egyptian Embassy in London and witnessed for Christians in Iraq outside the Iraqi Embassy in London. On that occasion the Iraqi Ambassador came out and crossed the road to assure us of his country's respect for its Christian community.

That witness came in the aftermath of the British and US war in Iraq. We opposed it in prayer and our members wrote to their MPs. As we predicted, the war has all but destroyed Christianity and her ancient communities in that land. We also opposed the UK funding and arming Islamic jihadists in Syria. The media portrayed that conflict as 'Assad bad' but we knew it was not as simple as that. Christian Voice never accepts at face value what we are told by the mainstream media. We look behind the news. In March 2014, for example, we published our research showing the involvement of financier George Soros with that year's Maidan Square uprising in Ukraine.

As the Bible says in Psalm 120:7, we are for peace. We pray for the UK government to promote peace in the world, not war, because we read:

Matt 5:9 Blessed are the peacemakers: for they shall be called the children of God.

19 ISRAEL

Christian Voice supports the state of Israel and its right to exist and defend itself. In November 2017 we celebrated the centenary of the Balfour Declaration. We traced through the years the mi-

raculous events which led to the foundation of the Jewish state of Israel.

We also remembered General Allenby's use of dozens of planes to drop propaganda, scaring the Ottoman Turks into withdrawal from Jerusalem in December 1917. The Prophet Isaiah knew nothing of aircraft, but that is how Edmund Allenby interpreted his prophecy, read by the Chaplain, by the grace of God, at morning prayer on 8th December 1917:

Isa 31:5 As birds flying, so will the LORD of hosts defend Jerusalem; defending also he will deliver it; passing over he will preserve it.

So we marked how General Allenby captured Jerusalem without firing a shot and the poignant moment he walked in through the Jaffa Gate on 11th December 1917, refusing to use his horse because his Saviour was the only one who should ride into the Holy City.

20 NANOSERMON CHANNEL

In 2017 we launched a 'Nanosermon' Channel on YouTube, holding a series of short videos where our National Director explains the theology which drives us under six general headings. 'Obedience' urges individuals and nations to follow the laws of God and see the blessings. 'Encouragement' is what Christians always need. 'Prayer' and how to get prayer answered is another heading, while under 'Polemic', Stephen explains difficult passages of the Bible. 'Prophetic' is where we see what God says about the issues of our day and finally, under 'Psalm 119', we are working verse-by-verse through that great Psalm.

General Allenby enters Jerusalem in 1917

CHRISTIAN VOICE IN AFRICA

21 EXPOSING WESTERN PROMOTION OF EVIL IN AFRICA & THE CARIBBEAN

Christian Voice is known for the quality of its research, but God must have the glory, because so often he leads us straight to the required information. An aptitude for detail helps as well. So it was that Stephen discovered the spiritual war Satan is waging against righteousness in Africa and the Caribbean.

Numerous Western foundations, from George Soros's Open Society to the Ford Foundation, Hewlett-Packard, even the UK-based heiress of the Tetra-pak fortune, Sigrid Rausing, are financing NGO's in the developing world set up to promote the legalisation of fashionable Western evils like abortion, homosexuality, feminism and 'comprehensive sexuality education'. Also pouring in money are Western governments. Prominent among them are the UK, through its aid programmes,

Illegal abortions carried out by Marie Stopes International in Kenya are 90% funded by the British taxpayer.

Sigrid Rausing's London-based trust funds NGOs in Africa promoting immorality

USAID, depending on which colour of president is in office, Ireland, the EU and the Scandinavian nations.

We found there is not one pro-abortion or pro-homosexual group in Africa which is locally-funded. Every single one depends on Western money. More research is needed here, if the Lord releases the funding.

Matt 10:26 Fear them not therefore: for there is nothing covered, that shall not be revealed; and hid, that shall not be known.

22 CHRISTIAN VOICE IN KENYA AND UGANDA

In August 2009 Stephen was preparing for marriage to Judith, a Kenyan lady he met in Slough in 2008. During their marriage preparations in Kenya he still found time to speak to meetings of pastors in the East African nation, alerting them to the money pouring in to local NGOs from Western governments and foundations to corrupt young people and spread immorality.

Many Kenyans aspire to be like the UK, but the pastors were shocked to learn that a quarter of all pregnancies end in abortion, that half of the children born in Britain grow up without their natural father, and that London can see 100,000 homosexuals, led by senior politicians, openly flaunting their depravity through its streets.

Africans are shocked to see a British Chief of Police, here in Brighton, leading a gay pride parade.

They are astonished that every major city now has a 'gay pride' parade in which senior police officers routinely take part, while five-year-olds are being taught in schools that homosexual acts and even 'changing gender' are normal and natural. Back in Kenya in August 2011, Stephen and Judith flew to Entebbe then on to Kampala, invited in to the Uganda Parliament to brief MPs about the threats to morality from Western foundations and their money. Stephen encouraged the MPs to stand firm in the face of pressure from Western governments to legalise what God hates.

23 WITNESS AT UNFPA SUMMIT

During 2019 we had published articles on an LGBT funding meeting held in Kenya. We had also identified how the West was financing a push to legalise and provide abortions in Africa, with the UK providing 90% of the cost of the illegal abortions Maria Stopes International was carrying out in Kenya alone.

Stephen and Judy encouraging members of parliament in Kampala, Uganda, to stand firm against Western pressures to legalise what God in his law has forbidden

and to speak. He arranged our accommodation, the local printing of high-quality pro-life leaflets and even inspired the US Embassy to bring a group of nations together to denounce the summit in a press conference.

After that event, a Kenyan MP invited Judy and Stephen into Parliament. Meanwhile, we gave out thousands of leaflets to delegates attending the Summit. They knew we were there and this stronghold of Satan was discomfited by our actions.

2Chron 20:12 O our God, wilt thou not judge them? for we have no might against this great company that cometh against us; neither know we what to do: but our eyes are upon thee.

Stephen addressing Christian young people in Nairobi

When the United Nations Fund for Population Activities (UNFPA) organised a 'summit' in Nairobi in November 2019 it was a God-given opportunity to stand for righteousness. Scandinavian nations were to the fore in funding the event, banging the drum for immoral Sexual and Reproductive Health and Rights (SRHR) across the developing world.

So it was that in November 2019 our National Director and his wife travelled to Nairobi to stand against this Western-funded wickedness.

We were praying before we arrived, and in response the Lord had already raised up local Christians and opened doors for us to network

THE LORD GOES BEFORE OUR KENYA TEAM

24 THE LORD MOVES IN NAIROBI

During 2020 and 2021 our team in Kenya reformed as 'Kenya Christian Voice' with a new committee. They brought all their government returns up to date and are now fully functional. Under their Chairman, Apostle Zakaria Odongo, they undertook a prayer walk in 2021 to the Parliament and then to the offices of abortion provider Planned Parenthood (IPPF). Astonishingly, IPPF's main Africa office is in a country where abortion is illegal. The team intended to pray against its legalisation right there at Satan's stronghold.

Once again, the Lord moved in power. IPPF stated the location of their Nairobi office on their website. But when the team reached the venue, a security guard told them the NGO had moved. He even disclosed the new address. The prayer team went to the new office, only to find IPPF packing up to go on the move again. With all the coming and going, Apostle Zakaria and the Committee were invited in to preach the Gospel and the humanity of the child in the womb, made in the image of God. If they had organised the prayer walk a day earlier the opportunity would not have arisen. A day later and the office would have been empty. They were there on just the right day. 'Lord, how do you DO that?'

25 EXPANSION TO AFRICA

It is not just Kenya. All over Africa Western money is flooding into local NGO's campaigning for evil.

Chris Adegoke, Christian Voice International Development Manager, and Judy Green, secretary of Kenya Christian Voice, confer in the office.

The Lord led our Kenya Christian Voice affiliate personnel including our Chairman, Apostle Zacharia, to the Nairobi headquarters of abortionist IPPF in 2021. Yet abortion is illegal in Kenya except to save the life of the mother.

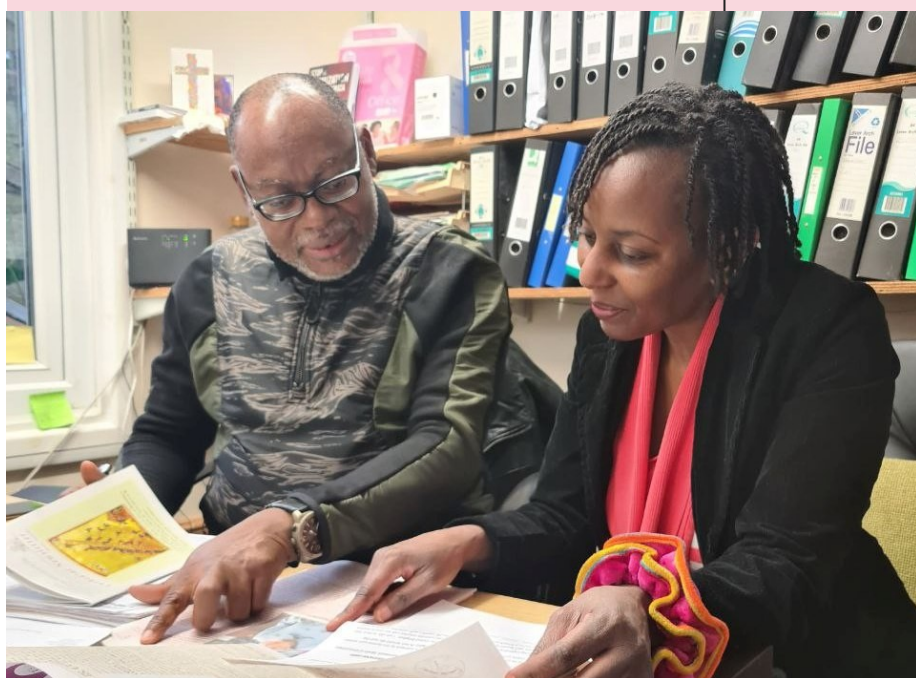

Clearly there is a need for local Christians to be made aware of the scale of the challenge and to be given the tools we have developed down the years to enable them to confront the evil and put a stop to it.

Thus it was that in 2021 we appointed an Overseas Development Manager. The Lord is now using Christopher Adegoke as opportunities arise to establish overseas affiliates. By the grace of God, Chris has:

- 1 Found a group of concerned Christian academics and lawyers raised up by God in Nigeria and formed them into a committee.
- 2 Helped them apply to the Nigerian Government to register the CV affiliate as a recognised NGO.
- 3 Begun to work with a contact in Uganda and others in Burundi and Botswana to establish our work there.

4 Been liaising with the Kenya affiliate to see if we can hold a conference next year 2023.

In 2022, immediately after the Commonwealth Games, British diver Tom Daley announced a campaign to use sports to promote sodomy and transgenderism throughout the African and Caribbean nations of the Commonwealth. His campaign is our opportunity. We found each country's Games Committee openly stated on the Commonwealth Games website. Its personnel are therefore open to prayer and lobbying from their countrymen. We have started a petition against the Daley campaign. The Lord is using it to bring believers alongside us with whom we can work to further this work overseas to the glory of God.

Stephen speaks to our resolution opposing National Trust participation in gay pride parades at the Trust's AGM in Bath in 2022. (From the Trust's video of the AGM.)

26 WOKE NATIONAL TRUST

The National Trust is the UK's largest conservation charity. It is massive and it matters. While Christian Voice promotes and defends our spiritual heritage, the Trust looks after a physical heritage of buildings and the outdoors. But recently the Trust management have become obsessed with a 'woke' agenda.

In August 2017 the National Trust claimed the deceased donor of one of its properties was homosexual. Its management commissioned a homosexual professor to dig up dirt on him. Staff were required to wear 'rainbow' lanyards as the Trust went into full pro-gay mode. It paid homosexual BBC journalists Stephen Fry and Clare Balding to make videos promoting its new stance.

Being National Trust members, Stephen and Judy Green attended the NT AGM in October 2017. Christian Voice members prayed and some also attended. A number of people asked questions about the affair, including Stephen. It made no difference. In 2019 the Trust was found parading in Birmingham Gay Pride.

In response, in 2021 our National Director stood for election to the National Trust ruling Council along with around thirty others. In the vote, announced at the 2021 AGM, Stephen came eighth in the race for the six seats.

In 2022 Stephen stood again for Council and also moved two resolutions for the AGM. One was to stop the Trust parading in Gay Pride marches, the other to stop its 'wilding' of farmland at this time when food security is in focus. All members' resolutions were defeated and only the Trust's 'recommended' Council candidates were elected. This was because of an innovation called 'Quick Vote' under which members give their vote to the Trust Chairman to cast as he sees fit.

This anti-democratic Quick Vote provides a new opportunity for this ministry to

stand for truth, honesty and transparency in public life.

27 COVID AND LOCKDOWN

In March 2020 Christian Voice was the only UK Christian organisation to stand against Covid lockdowns and restrictions. Our opposition to these innovations was based solidly on scripture. We read:

Gen 2:15 And the LORD God took the man, and put him into the garden of Eden to dress it and to keep it.

Psa 104:23 Man goeth forth unto his work and to his labour until the evening.

Ecc 3:13 And also that every man should eat and drink, and enjoy the good of all his labour, it is the gift of God.

God has not only given man his daily work to do, but the Bible describes working for a living and enjoying the fruits of our labour as 'the gift of God'.

It follows that no government has the right to prevent their people from working. Furthermore, although states have enslaved people in the past and in scripture, not one has ever, in the course of human history, prevented people from working at all. Not only that, our leaders presumed to class some economic activities from which people were earning an honest living as 'non-essential', and to prohibit basic human contact and fellowship, contrary to the sense of scripture, where it is written:

Gen 2:18 And the LORD God said, It is not good that the man should be alone;

Even churches were made to close. And yet God calls His people together on his day:

Heb 10:25 Not forsaking the assembling of ourselves together, as the manner of some is; but exhorting one another: and so much the more, as ye see the day approaching.

The Lord requires us to assemble together every week physically regardless of any government edict.

We have also voiced Biblical concerns over the unlicensed and untested mRNA vaccines.

The National Trust joined the Gay Pride parade in Birmingham in 2019.

A NEW ERA BRINGS OPPORTUNITIES

28 OPPORTUNITIES IN PARLIAMENT

We are now being proved right on Lockdown. The evidence is piling up that it was a grave mistake with dire consequences for people's health, well-being, education and personal and public finances. We pray the Lord will use Christian Voice to bring a Biblical perspective to the current Covid Enquiry.

The opportunities to speak the work of God into public life and the corridors of power are great. Not only do our members use our newsletter to speak truth to their own MPs, but there are constant invitations from Lords and Commons Select Committees to submit evidence on topics of concern to them.

Early in 2022 our National Director sent in no fewer than four submissions to Select Committee enquiries in Parliament. They included Transport and Trade with Developing Nations. Another, from the House of Commons Science and Technology Select Committee, asked how best to encourage girls to take up jobs in science, technology, engineering and maths. In response, we explained how the Lord has given different gifts and aptitudes to men and to women. In a modern economy, we asked, what does it matter who is a mechanic and who a hairdresser, so long as the jobs are done? Three of our submissions were published.

We were the only Christian group to respond to these enquiries. We believe the Christian voice must be heard in Parliament and that we must seize these opportunities. We are therefore praying to have a Parliamentary Liaison Officer to identify such opportunities, ensure we give Biblical evidence to Select Committees, find MPs and Peers we can work with and keep abreast of what is happening in Parliament.

29 A NEW ERA

The death of Queen Elizabeth in September 2022 and the accession of King Charles have prompted Christian Voice to look anew at the purpose of the monarchy in our time and also at the Biblical responsibilities of leaders.

We still market our CD

'The Day our Queen was Crowned' (see p1)

As we approach the May 2023 coronation of Charles III, we pray that CD can inform Christians as they seek the Lord for the event and what it means for the new king's reign.

When we started, our statement of faith maintained that the purpose of government was the maintenance of freedom and justice. We took it for granted that leaders would do the best for their people.

However, we now live in a world dominated by elitist supranational organisations like the World Economic Forum and the United Nations. Big money interests appear to be in league with politicians. It was astonishing during the 'Covid' affair how the mainstream media descended into propaganda mouthpieces for the establishment line. None of them questioned lockdown or restrictions. It is uncanny to find the same true with climate change. Not one questions it, or asks why ordinary people should be impoverished by policies aimed at 'Net Zero'. It is as if a spiritual force is driving an elitist agenda. King Charles is a friend of Klaus Schwab, who runs the WEF. As Prince of Wales he even launched 'The Great Reset' under which, we are told, ordinary people will 'own nothing and be happy'. We are engaging with all of this, seeking out, not social media gossip, but verifiable evidence.

This 'New World Order' has prompted us to assert another Biblical principle of government, based on recognising that God calls leaders to have the fear of the Lord, his wisdom, a heart for service, humility and loving their neighbour. It says simply that those in government have a duty to prosper ordinary people, not themselves.

That is why Christian Voice is awake to 'spiritual wickedness in high places', and to 'joining the dots', but only on the evidence, not on flights of fancy or internet rumours. Above all, we never forget that King Jesus is higher than they and that:

Psalm 2:4 He that sitteth in the heavens shall laugh: the Lord shall have them in derision.

Prince Charles, as he then was, launches the 'Great Reset' with Klaus Schwab at the World Economic Forum.

Adrian's witnessing at The Natural History Museum + Interview for Christian Voice UK

**Adrian outside the Natural History Museum in 2022:
from a Christian Voice Video**

31 STREET WITNESS AND BUFFER ZONES

In October 2021 we appointed a Director of Street Witness, Adrian Ruffhead, as an expenses-paid volunteer. During lockdown Adrian joined street protests against it and used his presence as an opportunity to speak to others. He found people ready to respond to

criticisms of RSE, the ban on any reference to creation in teaching and the influence of supra-national organisations like the WEF.

Since then, Adrian has begun a monthly witness outside the cathedral of evolution, the Natural History Museum. He has been giving out full-colour leaflets published by Christian Voice challenging the evolution narrative and engaging those going in with some good conversations.

The issue of Christian witness outside abortion centres is an issue with which we must engage. Five local authorities in England have

placed buffer zones preventing witness and prayer within, typically, 150 yards of such premises. In 2023, the Public Order Bill is set to bring in such zones all over England and Wales. This is the State promoting abortion businesses. Christian Voice is determined to challenge buffer zones with street witness.

Prov 14:34 Righteousness exalteth a nation: but sin is a reproach to any people.

THE IMPORTANCE OF OUR DONORS

We value those who have stood with us in prayer and financial support. None of what we have achieved down the years would have been possible without them. Our members' subscriptions and donations have made a real impact in the spiritual realm.

The Apostle Paul told the Philippians their giving would bring a reward. Through it they became an essential part of his ministry:

Php 4:15 Now ye Philippians know also, that in the beginning of the gospel, when I departed from Macedonia, no church communicated with me as concerning giving and receiving, but ye only.

We should regard the ministry of our Lord Jesus on earth as the summit of spirituality. Nevertheless, our Lord knew that supporting thirteen people in an itinerant ministry needs money, for food, clothing, lodging, transport and expenses. They needed financial support and it came from a group of women. The Lord even appointed a treasurer to look after the money. We read in the Gospel of Luke about:

Luke 8:3 ... Joanna the wife of Chuza Herod's steward, and Susanna, and many others, which ministered unto him of their substance.

The Lord and his people exercise discretion. Herod never found out he was financing the ministry of Jesus. Nor did Israel's king Ahab ever come to know that his chief of staff, Obadiah, was funding a hundred prophets, all dedicated to speaking God's word and calling the king to account:

1Kings 18:3 And Ahab called Obadiah, which was the governor of his house. (Now Obadiah feared the LORD greatly:

4 For it was so, when Jezebel cut off the prophets of the LORD, that Obadiah took an hundred prophets, and hid them by fifty in a cave, and fed them with bread and water).

33 LEAVING A LEGACY

The wealthy Obadiah might not have had the gifts of the prophets, but his own gifting provided for them and their work became his legacy.

Joanna and Susanna could not do what the Son of God could do, but today we honour their part funding his ministry on earth. Nor do we despise the day of small things. One dear lady could only give a small amount to the temple, but our Lord commended her:

Luke 21:4 For all these have of their abundance cast in unto the offerings of God: but she of her penury hath cast in all the living that she had.

Giving in this life leaves a legacy, and that reminds us that many charities value (and some depend on) what their supporters leave them in their wills.

So we urge our supporters to back up their donations, which are themselves a legacy, with a legacy in their will.

Such a charitable donation does not count toward the taxable value of an individual's estate, so a donor can cut the inheritance tax bill on his or her estate by leaving part of it to NCCSS t/a Christian Voice.

LEAVING A LEGACY FOR HIS GLORY

In the future, as the Lord wills, we shall continue to stand up for the Crown Rights of King Jesus in this land, pray for national repentance, work for Godly government and oppose the Secularist and Islamic agendas.

We'll also give Christians overseas the tools to do the same where they are. And we shall do it with fresh purpose, responding to the Lord's calling.

By the grace of God, each of us is unique - and each of us has a part to play in God's work. Not all of us are given what drives Stephen to uncover what is going on, bring a scriptural perspective, identify and seize God-given opportunities and to stand up for the Lord whatever the cost.

Psalm 119:46 I will speak of thy testimonies also before kings, and will not be ashamed.

But that is fine. The Lord knows our abilities but he is looking not so much for ability as availability. Will we make ourselves available for him to use? Will we pray, will we give, will we make an impact with what the Lord has given us?

Your prayers will open doors which no man can shut. Your financial gifts will enable us to stand before kings. Both will make an impact on lives in the UK and overseas as we fight against corruption and what God hates.

Every one of our supporters is enabling this work and playing a vital part in educating Christians about the relevance of God's word in our day.

Christian Voice offers an opportunity to leave a legacy of righteousness and blessing. No donation is too small or too big! (You will find our bank details at the bottom of this page.) And please remember we love the opportunity to share our vision with others.

When we do the simple things, we can rely on the Lord to do the miraculous. The Lord is blessing our work, and may he draw those around us with a heart to see it grow and build his Kingdom here on earth so his will may be done for his glory.

Psalm 33:12 Blessed is the nation whose God is the LORD; and the people whom he hath chosen for his own inheritance.

What our opponents say:

"A voice in the wilderness . The new prominence of Christian Voice seems to be largely a matter of good luck and good timing, although depending on your position it may be the influence of the good Lord." BBC

"Less obvious (targets) include globalisation, GM crops and the EU" BBC

"Christian Voice are winning the (Jerry Springer) audience battle." Jon Thoday, the show's producer.

"a pernicious nuisance." Lesbian and Gay Christian Movement.

What our supporters say:

On 'The Trivialisation of Marriage':

"It is punchy, accurate and a tract for our times. As you know, I am very involved in this issue and seeking to do all I can to preserve marriage from the devastating onslaught of ignorance and cultural relativism. The matter is finely balanced because the Government is determined to win and the opposition (from within the churches especially) seems so shrill and weak. Christian Voice is a noble exception."
